

Dear CCSD Parents,

We want to provide you with some important updates on school reopening:

First, we continue to carefully monitor the trends with transmission and spread of COVID-19 statewide and in the valley. It is important that as a community we continue to be diligent in taking measures to reduce the spread of the virus, including physical distancing, physical hygiene, and face coverings and staying home when ill. Please see the attached letter from the Bear River Health Department, Intermountain Health Care, and Cache Valley Hospital.

Second, elementary students in grades 1-6 will begin on Thursday, August 20th. Kindergarten students will begin on Wednesday, August 26th. Elementary schools can keep students divided by classroom and work with students in class groups to train them on hygiene and other school routines.

Third, secondary school opening days will be adjusted slightly to allow them to work through their routines and schedules with fewer students in their buildings. Please see the information on the **next page** for specific school schedules.

Fourth, our administrators and support staff have been working hard to ensure that physical distancing, physical hygiene, cleaning, illness monitoring, case investigations, and contact tracing protocols and plans are in place at our schools. They will be working closely with teachers in the coming days to prepare our schools and classrooms for students.

Finally, here are some additional resources for parents:

- [CCSD Mitigation Tactics for Specific School Settings](#)
- [Frequently Asked Questions for Parents](#)

We are committed to doing our best to educate students, whether they return to in-person instruction or join us in our online school.

We need the following commitments from parents:

- Carefully monitor your children for symptoms and keep them home when they are ill.
- Cooperate with school and health department directives on isolation or quarantines when positive cases of COVID-19 occur in our schools.

As always, thank you for your support as we work through this challenging situation. We look forward to the return of students to our buildings and to a successful school year.
