

LUNCH AND BREAKFAST INFORMATION

Online Credit Card Payments

If you would like to be able to pay online with a credit card, you can now do that through EZSchoolPay,

- Click the EZSchoolPay quick link on this website.
- You will then be able to register for an account or login to your account if you've created one in previous years.
- EZSchoolPay has an App available for Android and IOS that makes paying and checking balances from your phone very easy.

Free and Reduced Lunch Applications

Applications for free and reduced lunch can be processed in one day's time when they are filled out online. If you think that you may qualify, follow these steps:

- go to www.ccsdut.org
- click the departments tab and then choose child nutrition program
- select the Free and Reduced Lunch box
- click on the link to free and reduced online lunch application

You may also come into the school and pick-up a paper application that you can return to us or send directly to the district for processing. If your children qualified last year, you will need to reapply this year. Please do so as soon as possible. Beginning October 1st, lunch prices will be shifted back to regular prices for all students who have not applied again this year and been accepted. If you have a foster child, you will need to fill out an application for them to receive free lunch. Just check foster child and you do not need to add your income information. All school-aged children in income eligible households can receive school meal benefits regardless of the immigration status of household members and information provided by the household will not be used for immigration-related purposes. No information regarding free and reduced lunch status will be available to anyone besides the lunch secretary and the parent who applies. Parents who are not listed on the application will have no access to this information.

Lunch Account Balance

The preferences you set in Powerschool (i.e. text, email, phone call) will be your source for keeping up on your child's lunch balance and you can check their balance in Powerschool at any time. If you do not have a Powerschool parent account, please call Julie at 752-7162 and she will give you the information you need to set up an account. Beginning mid-September, you will be notified when your student has a balance equal to 5 meals so you have a few days to add money to their account before it drops into the negative. Thank you for keeping current on their balance. You can also set a notification amount of your choice in EZSchoolPay.

We have a district wide policy on delinquent lunch accounts. We can only allow an account deficit of 5 meals before your child will be given an alternative meal of an uncrustable and milk until their account has a positive balance. That means that the limit for students paying reduced lunch price is \$2.00 and the limit for students paying full lunch price is \$10.25. Please make a determined effort to keep your balance in the positive. We will no longer be communicating a negative balance through our students. Therefore, we will **not** be sending home reminders in their backpacks.

Online Student Lunches

Online students can order breakfast and lunch 24 hours in advance by visiting CCSDUT.org and going to the Child Nutrition webpage. Free/reduced lunch status will apply if you qualify. Pick-up time is 11:30-12:30 for lunch and the next day's breakfast. Parents will need to pick up lunch at each of their student's home schools.
