Network Tiers

If your employer has chosen a tiered plan, you have three benefit "tiers" of coverage and each tier is tied to a different provider network(s). You can move between tiers as needed throughout the year (cost-sharing may vary). For one service, you might use Tier 1. For another procedure, you might use Tier 2. Network tiers are designed to save you money on healthcare expenses while providing you the greatest access to providers and facilities.

Tier 1	Tier 2	Tier 3
<p>gives you lower prices</p>	<p>gives you greater access</p>	<p>gives you unlimited access (out-of-network benefits)</p>
<ul style="list-style-type: none"> ● Member cost-sharing: Depending on your plan, you may pay less for care through copays, coinsurance, and deductibles. ● Combined deductible/out-of-pocket: Expenses you pay in Tier 1 or 2 will count towards both the Tier 1 and Tier 2 deductible and out-of-pocket maximum. ● Prescriptions: Any money you spend out-of-pocket to pay for covered prescriptions will count towards your deductible and out-of-pocket maximum. 	<ul style="list-style-type: none"> ● Potentially higher overall costs: Doctors and facilities may charge you more for some services. ● Greater access: There are more in-network providers and more in-network facilities when compared to Tier 1. ● Combined deductible/out-of-pocket: Expenses you pay in Tier 1 or 2 will count towards both the Tier 1 and Tier 2 deductible and out-of-pocket maximum. ● Prescriptions: Any money you spend out-of-pocket to pay for covered prescriptions will count towards your deductible and out-of-pocket maximum. 	<ul style="list-style-type: none"> ● Total freedom: See any provider or go to any facility you want for covered services. ● Higher costs: Your copays, coinsurance, and overall costs for care will be higher when compared to Tiers 1 and 2. ● Separate deductible/out-of-pocket: None of the out-of-pocket expenses you incur on Tier 1, Tier 2, or on prescriptions drugs will count toward your Tier 3 deductible or out-of-pocket maximum. Additionally, none of the expenses you incur on Tier 3 will count towards your Tier 1 or Tier 2 deductible or out-of-pocket maximum. ● Certain services: Some services are not covered when done by an out-of-network provider. Confirm your coverage and benefits before using out-of-network providers.

Intermountain Connect Care[®]

What's Connect Care?

Get primary care, mental health care, physical therapy, nutritional and lactation support, and 24/7 urgent care from home with virtual doctor visits at no or low out-of-pocket cost to you. The typical wait time for urgent care is under 10 minutes, and you can save an average of \$400 per visit compared with the emergency room* (ER).

**For emergencies, call 911 or go to the ER.*

Commonly treated conditions:

- Stuffy and runny nose
- Allergies
- Sore throat
- Eye infections
- Cough
- Painful urination
- Lower back pain
- Joint pain or strains
- Minor skin problems

Other virtual care options

For virtual care outside of Connect Care, your in-network doctor's office may use various apps or websites for virtual visits. No matter what video platform you and your doctor use, you have covered benefits for virtual care from in-network providers.
