**COUNSELING CORNER**
November is the month of Gratitude. We are focusing on showing gratitude to ourselves and others. Students are learning how to pause and take a moment to appreciate the things we often take for granted. This helps them stay positive and present throughout their day to increase their learning. Gratitude is a skill that we have to practice. Challenge yourself and your student(s) by planning 2 minutes a day to pause, take 3 deep breaths, and think about why you are grateful for those things. The more we can change our mindsets to have a positive outlook the more positivity and happiness we can spread to others! At parent teacher conferences feel free to come visit me and keep an eye out for thankful Turkeys around the school!
