COUNSELING CORNER

Since testing is right around the corner, this month we are focusing on test anxiety and coping strategies. In Kindergarten we are reading the book “The Little Spot of Anxiety”. This book helps young readers understand what anxiety looks and feels like. They learn how to draw their worries to the center of their palm and then blow it away. 1st-6th Grade will be learning about how test anxiety affects our bodies and coping strategies help before and during a test. Ask your students before a test how they are feeling and remind them that they are smart and can do hard things!
