DIAPER DRIVE

Our school is in a competition against Green Canyon to see which school can donate the most diapers for The Little Lambs Foundation this week, March 21-25. The Little Lambs Foundation provides needed supplies for about 300 Cache Valley families each month. We are excited to help them out! There will be a large box next to the main office for students to place diapers they wish to donate. Sizes 5 and 6 are needed most especially at this time, but anything helps! Thank you for helping us serve the families of Cache Valley!

North Park Elementary
Better Together is a family education and activity program at The Family Place. It provides positive interaction opportunities for parents and children as well as information about child development and the impact of trauma on children for parents. It is designed for families who have experienced trauma, although any interested families are eligible to attend. It is a free, 12-week course. Six of the classes will be Zoom classes where families and the instructors meet together. Families are provided with dinner on all 6 of these class nights. Following dinner, we spend 15 minutes completing a mindfulness activity and practicing emotion regulation techniques and skills. Following that, the family has about an hour to participate in developmentally engaging and appropriate activities together. Classes are available for 4 age groups: 0-2-years-old, 3-5-years-old, 6-11-years-old and 12-18-years-old. During the other 6 weeks, parents are provided information about development and the impact of trauma on development as well as practical suggestions for supporting healthy development.
