AFTER SCHOOL HOMEWORK HELP

North Park has started an after-school homework help program. If your student is interested you must fill out a registration form. You can get these forms from the office or your child’s teacher. The Homework Program is Monday-Thursday from 3:35-4:30. A snack will be provided and there is even a bus to take students home. For more questions email Mrs. Shelby Olson at Shelby.olson@ccsdut.org

UPDATE DROPOFF/PICKUP

In coordination with the North Park Police Department, the following changes are effective immediately at North Park Elementary School.

Drivers dropping off or picking up students from private vehicles should access the school using an alternate route. This route will enter off of 800 E 250 E onto 2900 N. Go east to 1000 E, turning right on 1000 E onto 2900 N. Continue west, entering the north park lot for drop off/pickup of students through the already designated entrance. Any vehicle traffic coming to the school while school zones have been established should not block the designated crosswalks at the intersection of 800 E 2900 N as students are escorted to and from the school property. Refer to the attached map for a visual reference.

Drivers, please follow the posted speed limit for residential areas.

(Do Not Delay, these positions will be filled as soon as possible).

Dear Parent/Guardian,

As we have witnessed this past year, the world has become much more complicated for all of us. Children, especially, are struggling to navigate the “new normal”, and their place in relation to it. We are reaching out to let you know that, as a school, we will be focusing additional attention on the social, emotional, and behavior needs of all our students using a Student Well-Being Scale tool. This evidence-based tool will be completed three times each year by classroom teachers. The purpose of this tool is to better understand students’ social and emotional strengths and challenges in order to better support their individual growth and success at school. Data from this tool will help guide instruction and interventions schoolwide, at each classroom level, and individually, as needed.

If we feel your child might benefit individually from additional support, we will contact you to discuss strategies and interventions that focus on supporting your child in a proactive and positive manner. As always, all information regarding your child is kept confidential (See Family Educational Rights and Privacy Act (FERPA) https://utahparentscenter.org/resources/laws/ferpa/). All materials are available for review upon request. Please contact me if you have questions or concerns I can answer.

We appreciate all that you do as parents. Our combined efforts will ensure the success of each child during the most important, and influential time of his/her life.

Sincerely,

Julie Payne, Principal
