An enrolled nonresident student shall be permitted to remain enrolled, subject to the same rules and standards as resident students, without renewed applications in subsequent years unless any of the following occurs:

- The student graduates or is no longer a Utah resident.
- The student is suspended or expelled from school.
- The district determines that school enrollment will exceed the open enrollment threshold.
- The student advances schools (i.e. elementary to middle or middle to high school).

Please Note: Proof of Residency will be verified at the school.

I understand that all transfer requests are contingent on early enrollment school capacity (“maximum capacity”) or late enrollment school capacity (“adjusted capacity”), special program limitations, staff availability, and/or circumstances under 53G-6. If this request is granted, I agree that my child must remain at the requested school through the end of the requested school year. I understand that I, as parent or guardian, am responsible for transportation of my student to and from school. I understand that a student’s acceptance into a school or school district does not establish UHSAA (student athletic or activity) eligibility.

- A student may be denied an open enrollment opportunity if the student has been suspended or expelled from a public school consistent with 53G-6.
- A student with prior behavioral problems may be granted provisional enrollment provided the student and parent sign an agreement with the school or the school district (1) establishing the conditions of continued enrollment, and (2) notifying the parents/student that the student will be excluded from the school if the agreement is violated. The school or school district is responsible for the agreement as allowed under Section 53G-6.
