March 2021 Newsletter

https://www.ccsdut.org/cedarridge

**Parent Teacher Conferences**

**March 4:** Conferences will be held from 1:00-8:00 pm

**March 5:** Conferences will be held from 8 am-Noon

All conferences will be held in person unless a teacher specifically contacts parents. To sign up, go to our school website and click on the Parent Teacher Conferences link for instructions.

https://www.ccsdut.org/cedarridge

**Important Dates**

**Mar 1:** No School, teacher work day

**Mar. 2-4:** Dr. Seuss Week, PTA sponsored

**Mar. 3:** School Community Council, 3:45

**Mar. 4:** School out at 1:00, Parent Teacher Conferences

**Mar. 4:** 6th graders register for North Cache at school

**Mar. 5:** No School, Parent Teacher Conferences

**Mar. 10:** Kindergarten Registration from 8 am-3 pm

**Mar. 11:** Kindergarten Registration from 1-7 pm

**April 5-9:** Spring Break, No School

**Kindergarten Registration**

If you have a kindergartener that will be attending Cedar Ridge during the 2021-2022 school year, please come to our registration on March 10 (8 am-3 pm) or March 11 (1-7 pm). We ask that you do your online registration before you come by following the instructions on this link:

https://www.ccsdut.org/Page/5511

You can also find the link on our school website. On the day of registration please bring your kindergartener with you for testing.
STEM DAY

STEM Day was a huge success here at Cedar Ridge! Here are a few things that were done throughout the day:

Kindergarten: One student demonstrated a volcano to the class

1st grade: Students rotated classrooms to do projects with magnets, raisins and 7-Up, life cycles, and herbivore classification.

2nd grade: DLI classes did a mystery box game, and traditional classes did landforms with pudding cups.

3rd grade: Each class did their own projects including force and motion, speed and velocity, paper airplanes, and magnets.

4th grade: All classes did projects focusing on energy transfer. Mr. Foster’s class did “gravity jousting” where they tried to pop balloons on each other’s cars that the students had engineered with toothpicks.

5th grade: Students rotated through the classrooms doing STEAM projects including magnet mazes, internet safety, a marshmallow/toothpick building challenge, tessellation art, and a math mystery quest to solve a crime.

6th grade: Students did an egg drop where they studied velocity and engineering.

March Madness Reading

We will be doing three things to celebrate reading in March!

March 2-4: Dr. Seuss Week. The PTA has put together some fun activities to celebrate reading.

March 8: We will be sending home our Family Book Selection. One book will be sent home per family. We will take the entire month to read as a school family the book The Last of the Really Great Whangdoodles by Julie Andrews. Students will be asked a question of the week over the intercom.

March 22-31: We will be having our annual March Reading Madness Bracket up in the hall. Students will fill out their reading logs each day and turn them in for points to be tallied.
