

# Sunrise Elementary School

## Traffic/Safety Plan

In compliance with the school Zone Safety Act passed by the Utah State Legislature, Sunrise Elementary School has an active Safety Committee. This Committee developed the following Sunrise Traffic/Safety Plan for our attendance area. The plan is reviewed annually by the Sunrise Community Council and changes are made as necessary.

### **Safe walking route rules:**

- Students should walk on sidewalks when available
- When sidewalks are not available, use the shoulder of the road
- Students should use caution whenever crossing streets
- Always obey the instructions of the crossing guard

Parents are invited to walk to school with their children and be familiar with the safest walking/biking route

### **Routing Plan**

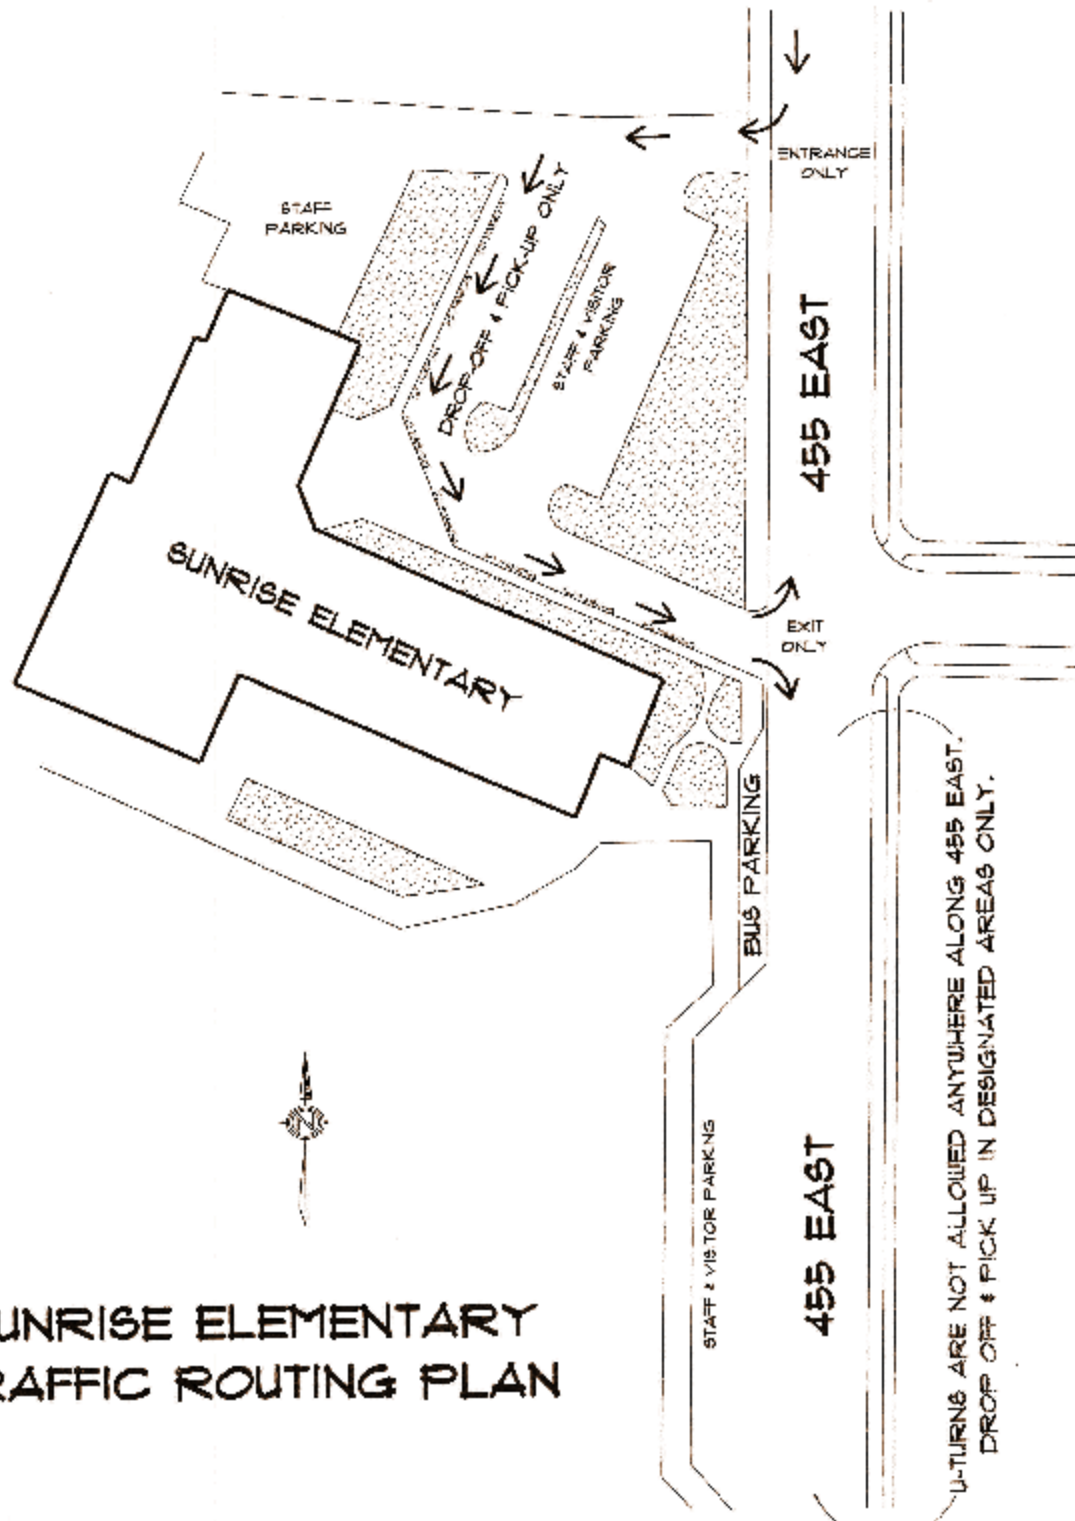

For a map with recommended walking and bike routes please go to [http://www.snapforschools.com/Map\\_view.aspx?EntityID=382](http://www.snapforschools.com/Map_view.aspx?EntityID=382). Parents are asked to use the map to determine a safe walking route for their children to follow and to walk the determined route before school starts.

Please make your children are aware of the following safety concerns they may encounter:

- Unfenced canals
- Areas where there are no sidewalks
- Large trees or shrubs that block the view of both motor vehicles and pedestrians
- Traffic congestion around the school's Loading and Unloading Areas

Students will be loaded and unloaded in the designated student drop off/pick up area.

# SUNRISE ELEMENTARY TRAFFIC ROUTING PLAN

U-TURNING ARE NOT ALLOWED ANYWHERE ALONG 455 EAST.  
DROP OFF & PICK UP IN DESIGNATED AREAS ONLY.
