

I am very excited to have you in my class! I can't wait to meet you in the fall. Let me tell you a little bit about myself. I love to teach first grade! I have taught first grade for 23 years. 🤪 I am married and have three children and one son-in-law. I love to go hiking and camping. I love to read all kinds of books. We are going to read a lot in our class! I can't wait to share my favorite books with you. My favorite thing to eat is Snickers. I am very lucky that my favorite candy bar rhymes with my name 😊. Snickers for a Bickers 😊. I love emoji's and use them often 😊.

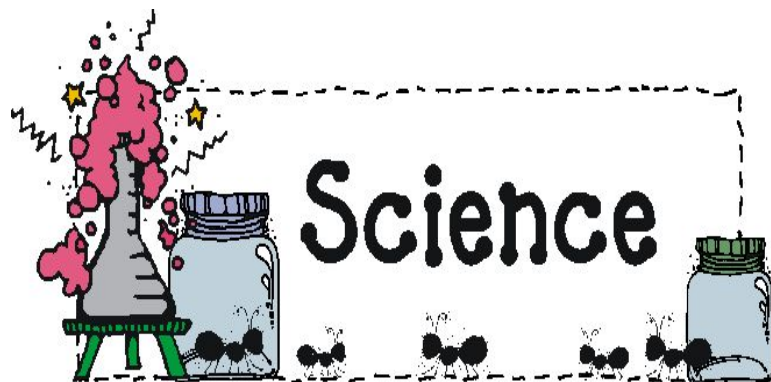

In first grade we will learn about so many fun and interesting things. We get three recesses in first grade! We are so lucky. 🙌

We will learn to read and listen to stories.
We will take quizzes so we can earn lots of points and learn new vocabulary words.

We will learn about
Astronomy, Animals and
their habitats, Sound and
Light, Plants and
Community helpers and so
much more.

We are going to have a fabulous year and I can't wait to get to know each and everyone of you! 🙌🙌🙌.
