Dear Families,

Hello, my name is Mrs. Davis I am so excited to be your child’s Kindergarten teacher this year! This is my third year teaching in the best job in the world! I love kindergarten and love this wonderful school and community.

I live in Providence and have four kids! I love gardening, crocheting, disc golf, and spending time with family. We are going to have a fantastic year meeting new friends, creating, and learning together. There are many wonderful things we will be learning about this year like butterflies, numbers, animals, math and how to read and write!

In August, I will send out information on how to sign up for the State required KEEP Assessment. I would love to have your help with monthly centers and daily help in the classroom. The kiddos love having their families come to school! More information on all of this will be coming.

The only item your child will need for school this year will be a backpack that is big enough to hold library books and their homework folder. Donations of gallon-sized Ziploc baggies, hand sanitizer, Lysol or Clorox wipes are always appreciated, but not required. We have a new science curriculum for this year that I am really excited about. We will be asking for simple things from home like empty kleenex boxes or cardboard tubes. More information will come as the time gets closer. The school will provide the other supplies needed.

I am looking forward to getting to know you and your child and excited for a fun filled year!!

Please do not hesitate to call or email me with concerns or questions. I will get back to you as soon as possible.

Thanks so much and enjoy your summer!

Mrs. Davis
