

¡BIENVENIDOS AL 6º GRADO!

I'm a native of Utah and I lived in Peru for 13 years. I can't wait to share the Latin culture and experience with my students and their families. My hobbies are hiking, biking and playing volleyball. This will be my third year teaching 6th grade and I love every minute of it! It's a privilege to be part of the Spanish DLI Program at Heritage Elementary. I can't wait to meet you in the fall!

Ideas on how to keep up with your Spanish over the summer:

Read a book, Duolingo, talk to a friend, write daily in your journal, write short stories, learn one new word each day and use it in your writing.

"Knowledge is of no value unless it's put into practice"

-Anton Chekhov

In my class, we'll use our Spanish in 3 subjects: Literature, History and Science. These are all my top subjects to teach but my favorite is Science. Students will create and develop a hypothesis and put it to the test. We'll do experiments and have fun while we are learning.
