

# welcome

## to Mrs. Putnam's 3<sup>rd</sup> grade Class!

**Hello Students!**

**I am your teacher Mrs. Putnam. Welcome to 3rd grade! I am looking forward to getting to know you better this fall. We are going to work hard and have fun in my class this year! To help you prepare for an awesome year please try to have your addition and subtraction facts memorized. This will be so helpful when we begin multiplication and division. It is also important to keep up on your reading. Please create and maintain a reading routine this summer to help you keep reading 20 minutes a night. If you keep track of your reading on a reading log and bring it back to school the first week, I will have a reward for you! I hope you find some great books to enjoy! If you need good book recommendations, feel free to email me. I would also love to hear from you about your adventures over the break and I will do my best to email back each of you.**

**My email address is: [alyssa.putnam@ccsdut.org](mailto:alyssa.putnam@ccsdut.org)**

**Sincerely,  
Mrs. Putnam**
