11. Halloween–We discussed the Halloween guidelines. The council still supports this policy.
   Halloween is just around the corner. We know it’s a very exciting time for our students. We want them to enjoy the day, but it’s still an important academic day here at school as well. We would like to capture the best of both worlds. Students are welcome to wear a school friendly costume that complies with our dress code if they adhere to the following stipulations:
   • No Masks or extremely heavy make-up that covers/obscures the head/face (No complete covering of the face with makeup. We need to be able to tell who the children are without much effort).
   • No toy weapons.
   • No Blood and Guts, “softer” characters, please.
   • Costumes should not be so distracting that it interferes with teachers’ instruction.
• No hand-held costume accessories, they often turn into nuisance items in the classroom and on the playground.
